

Intellectual Property and Technology

The intellectual property attorney group at Parr Brown is prepared to provide counsel and representation to a full range of intellectual property legal matters. We have successfully assisted clients with all aspects of intellectual property management, from development and identification to registration and protection. For clients in need of guidance or representation, our Utah intellectual property attorneys are prepared to assist with intellectual property licensing and transfer, patents, [intellectual property litigation](#), and other related services.

As one of Utah's premier intellectual property law firms, Parr Brown Gee & Loveless represents clients worldwide in a wide variety of industries including clients in *technology, software, SaaS, cloud computing, medical device*, software development and licensing, electronics, internet services, and telecommunications industries. Parr Brown intellectual property attorneys assist not only with litigation and dispute-resolution but with contract, licensing agreement, technology transfer agreements, and other transactional matters. Regardless of your industry or legal concerns, the intellectual property lawyers at Parr Brown are prepared to assist you. For more specific information, refer to the list below or contact one of our Utah intellectual property attorneys shown below.
